INTERNAL MEMORANDUM

To: All SAMAA members
From: The SAMAA Management Committee
Date: 29 March 2021
Ref: #003
Re: SAMAA Insurance - Update

Dear SAMAA members,

Herewith an update regarding our 2020/21 insurance matter.

We collectively approached the market, both national and international, to obtain relevant cover, by outlining the SAMAA and its members' requirements.

We received one proposal, and we await a second, expected to reach us before the end of this week.

The first offer makes provision for the cover that we require; however the current limitations applied renders the cover impractical and requires a few changes. We drafted some comments on the proposal for submission to the insurers. We value the quote and will ensure not to alienate the brokers and the insurers.

We must request our members to remain calm and to avoid spreading false rumours in any way; this is imperative, to avoid further damage or disrepute to the organisation.

Our overall "risk assessment" strategy is going forward, although not at the speed as previously anticipated. The combination of advice received, as well as renewed terms and conditions from brokers indicates that some changes will have to be made in our overall approach to flying. It involves a wider audience and we will need to wait for final documentation to determine the battery (boundary) limits of the risk assessments. To avoid confusion, we have opted to conclude insurance first, followed by risk evaluation protocols.

The above concludes this Memo. We appreciate your patience and support. We remain positive and will persevere towards a work-around.

Regards

The SAMAA Management Committee

Associate member of the Aero Club of South Africa. Affiliated to the Fédération Aéronautique Internationale.
The SAMAA is a non-profit, public-benefit organisation, PBO Reg. No. 930030082.
Committee (from March 2020):
Danie Potgieter, Burt Botha, Alec Groenewald, Johan Blom, Linda Dold, Juanita Smith, Roland Suhmüller, Bob Skinner
