Re: SAMAA Insurance - Update

Dear SAMAA members,

We trust that this communication finds you well.

Please take note that the negotiations on the Insurance policy has been completed and are now in place.

1. Although we have managed to negotiate better conditions, not all went our way. Please see below for the important points.
 - a. The airside exclusion clause, as per previous insurance, have now been waived (No longer in effect) The good point.
 - b. The Insurance guys are stuck on the weight restriction of 20 Kg. We have already requested special dispensation on this matter and await their reply, will keep you posted.
 - c. The Matrix model have advanced significantly, do expect correspondence on this for your review and action. **ALL committees take note extremely important to become complaint.**
2. Restrictions on the "22 Clubs" are now lifted.

Thank you to those who have stood by and supported the Hobby through some challenging times. A paradigm shift has taken place, we are about to get our house to secure Flying for years to come.

Regards
